**Affirms Vincent Medical's Business Strategies
Supportive of Product Innovation for Fueling Future Growth**

(Hong Kong, 18 June 2017) -- **Vincent Medical Holdings Limited** ("Vincent Medical" or together with its subsidiaries, the "Group", stock code: 1612), the second largest¹ exporter of respiratory and anaesthesia disposables in the PRC and a Hong Kong-headquartered medical device group, announced that "**VOCSN**", the revolutionary life-support ventilator and flagship product of Ventec Life Systems, Inc. ("Ventec"), was named "**Best New Therapeutic Technology Solution**" at the MedTech Breakthrough 2017 Awards (the "Awards"). Confident of the market potential of "VOCSN", the Group signed an exclusive manufacturing and distribution agreement with Ventec last August, adding it to the Group's spectrum of proven respiratory products. This latest recognition evidenced the effectiveness of Vincent Medical's business strategies supportive of product innovation and expansion of product offerings.

"VOCSN" received FDA clearance in April 2017 and now, two months later and to the encouragement of Vincent Medical, is recognised as the Best New Therapeutic Technology Solution in the Medical Device category of MedTech Breakthrough 2017 Awards. The Awards honours top companies, people, platforms and products in the health, fitness and medical technology industries and comes with different award categories such as Medical Device, Medical Data, Genomics and Patient Engagement.

Mr. Vincent Choi, Founder, Chairman and Executive Director of Vincent Medical, said, "We see tremendous value in starting early our pursuit of new products and technologies with high commercial potential hence promise to bring us long term value. The Group will continue to explore collaboration and investment opportunities that can fuel its growth momentum in the future."

About Vincent Medical Holdings Limited (永勝醫療控股有限公司) (Stock code: 1612)

Established in 1997, Vincent Medical Holdings Limited is a Hong Kong-headquartered medical device manufacturing group. The Group develops, manufactures and sells a wide range of medical devices, focusing on respiratory products, imaging contrast media power injector disposable products, and orthopaedic and rehabilitation products, which satisfy internationally-recognised quality assurance standards, to its customers in the PRC and overseas markets. The Group has established its OEM business since its inception and its OBM business in 2003 with its "Inspired Medical" ("英仕醫療") brand. According to the CIC Report, Vincent Medical was the second largest exporter of respiratory and anaesthesia disposables in the PRC based on export value in 2015. The Group has developed a domestic and overseas distributorship network for its OBM business, which currently has over 392 distributors and other customers in the PRC, and approximately 48 overseas distributors and other customers in various countries such as Australia, Japan, Korea, Indonesia, India, Chile, Brazil and Saudi Arabia.
