Vincent Medical Holdings Limited

Stock code : 1612. HK

Appoints Choi Cheung Tai Raymond as Deputy Chief Executive Officer

(Hong Kong, 3 January 2022) – **Vincent Medical Holdings Limited** (“Vincent Medical” or together with its subsidiaries, the “Group”, stock code: 1612), a global respiratory medical device and disposables supplier, is pleased to announce the promotion of Mr. Choi Cheung Tai Raymond to the position of Deputy Chief Executive Officer, in the long-term view that Mr. Choi would bring further impetus to strengthen the Group’s business competitiveness, as well as to drive its next growth phase.

Since 2020, Mr. Choi has been serving as Senior Operations Manager, overseeing the manufacturing operation and product development for the Group’s respiratory devices. He has played a major role in ensuring operational resilience during the initial COVID-19 outbreak in 2020. With his new role as the Deputy Chief Executive Officer, Mr. Choi is expected to create further synergies among different operating units, while forming and executing forward-thinking strategies and initiatives in order to capitalize the business potential of the Group’s various collaborations with industry-leading partners.

“This year Vincent Medical celebrates its 25th anniversary. Over the years, we have grown and evolved, and with the recent pandemic that is transforming the healthcare system and accelerating the adoption of medical technology, this presents a historic opportunity for Vincent Medical” said **Mr. Otto To, Chief Executive Officer of Vincent Medical**. “Raymond is a modern and visionary leader with a global mindset and have delivered significant operational and strategic achievements over the last eighteen months. Our vision is to become a global leader in respiratory care, with Raymond, together with the other very-capable managers, this would lay a solid foundation for us to achieve our vision.”

Mr. Raymond Choi said, “With its 25 years of heritage, Vincent Medical has built an established platform and is well-positioned for upcoming growth. I am grateful that Otto and our board of directors has put faith in me in leading the Group through this next chapter. I look forward to working closely with the management team, as we embrace the exciting opportunities ahead and turning Vincent Medical into a truly global medical device company.”

About Choi Cheung Tai Raymond

Aged 39, Mr. Choi has over 15 years of experience in industrial engineering and operations management across medical device, cosmetics and beauty products and industrial and semiconductor system. He has a broad and unique experience in smart manufacturing, lean deployment, operations improvement, strategic planning and human resources. Throughout his career he has been working for companies like Medrad Inc. (now Bayer), Sanmina Corporation and Crystal International Group Limited amongst others.

Mr. Choi obtained a bachelor of science in industrial engineering from the Pennsylvania State University, the USA in 2005, along with a master of business administration from the University of Manchester, the United Kingdom in 2014. He is a corporate member of the Hong Kong Institution of Engineers and a registered professional engineer in Manufacturing, Industrial and System (MIS). He is also a registered lean sigma black belt of the Six Sigma Institute and a certified six sigma black belt of the China Association for Quality. He is the son of Mr. Choi Man Shing, the Chairman and executive Director of the Company.
